**THE NATION'S CALL**

President Wilson Authorizes Increased  
Strength of the Naval Forces to  
87,000 Men—Recruits Will Be  
Used to Man Reserve  
Ships.

The Ledger this morning received  
the following telegram from Secre-  
tary of the Navy, Josephus Daniels:  
Washington, D. C., March 25—Man-  
aging-Editor, Ledger, Maysville, Ky.—  
The President last night signed an  
executive order directing that the au-  
thorized enlisted strength of the navy  
be increased to 87,000. He was au-  
thorized by Congress, in case of  
emergency, to direct such increase of  
enlistment. New ships and ships in  
reserve are being fully commissioned  
as rapidly as possible and the need is  
imperative for a larger enlistment to  
man them. There has been a net in-  
crease of over 6,500 in enlistment since  
Congress recently authorized an in-  
crease, but many more are needed, and  
needed now.

Will you not emphasize this need by  
giving special prominence Monday, on  
the first page of your paper, to the  
President's order, and also by making  
an editorial appeal for new recruits  
for the navy.

The navy offers exceptional advan-  
tages to young men of stuff and am-  
bition to serve in the first line for na-  
tional defense. In this emergency you  
have the opportunity and the privi-  
lege of performing this public service,  
and I am confidently appealing to you  
for your cordial and helpful co-opera-  
tion.

JOSEPHUS DANIELS.

**GERMAN PEACE TERMS ARE  
REPORTED BY SWISS PAPER**

Berne, Switzerland, via Paris,  
March 25—"If peace negotiations were  
begun today," says the Journal De  
Geneve, which does not reveal its  
source of information, but declares it  
is absolutely reliable, "Germany  
would offer to restore the territory  
she occupies in France, except in the  
mining district of Virey, in exchange  
for a channel port, Calais or Dunkirk,  
and an indemnity of 15,000,000  
frances."  
"Germany would also offer," says  
the newspaper, "to restore the terri-  
torial integrity and the sovereignty of  
Belgium, on condition that Belgium  
would not be allowed to maintain a  
national army and that Germany  
would be permitted to garrison Namur,  
Liege and Antwerp perpetually."

It is added by the newspaper that  
Germany must be given control of the  
Belgian railroads and ports and be fa-  
vorably treated in an economic treaty.  
This is not the program of Pan-Ger-  
mans, but actual terms of the German  
government, says the Journal De  
Geneve.

**MANY TAKE WALKS**

Yesterday was an ideal spring day  
and many persons were to be seen on  
the streets enjoying the first pretty  
Sunday of the season. A favorite  
walk seemed to be to Edgemont, a  
large number visiting this suburb. It  
will be only a few weeks until the  
trees have put on their summer dress  
and the walks will become more and  
more popular.

**WILL BEGIN WORK SOON**

The contractors for the asphalt  
streets in the Sixth Ward will soon  
be on hand to resume the work. There  
are several places on the north side  
of the street where re-concreting will  
be necessary, as that laid last fall be-  
came frozen. The citizens living  
along this street are very anxious to  
see the street finished.

**MASON ASSESSMENT RAISED**

The State Board of Equalization has  
raised the assessment of Mason coun-  
ty and the date set for the hearing on  
the raise has been put as May 1. Only  
twenty-two counties out of the first  
eighty considered by the Board were  
allowed to stand. The calls for the  
hearings have been sent out.

**SENT TO INSANE ASYLUM**

Mrs. Lillian Jones was tried before  
County Judge W. H. Rice on Satur-  
day and a jury adjudged her insane  
and ordered her taken to the State  
Insane Asylum in Lexington.

**OFFICES REDECORATED**

The offices of Superintendent of  
County Schools Jessie O. Yancey have  
been repapered and redecorated and  
now present a very attractive appear-  
ance.

The Auditing Committee of the Ma-  
son Fiscal Court will meet on March  
28 and 30. Persons having claims  
against the county should present  
them to either Squires Baser, Dressel  
or Moore.

**ENROLLMENT FOR FIRST AID  
WORK**

The Kentucky Kernal of the Uni-  
versity of Kentucky has this interest-  
ing item:

Seventy-five girls were enrolled last  
week in the classes in nursing and  
first-aid work, to be held every Thurs-  
day afternoon for ten weeks, in the  
Home Economics department, under  
the supervision of the American Red  
Cross.

Twenty of these will have practical  
laboratory work in first-aid and nurs-  
ing. At the end of the course they  
will take an examination, and he regis-  
tered at the national headquarters  
of the American Red Cross in Wash-  
ington. The others will get the bene-  
fit of the lectures and demonstrations.  
They will also be examined and will  
receive one college credit for the  
work.

Miss Lelah Gault, daughter of Mr.  
and Mrs. W. L. Gault of the county,  
is one of the twenty, who will be  
registered in the national headquar-  
ters of the American Red Cross.

**"LITTLE LOST SISTER"**

What is the reason for Little Lost  
Sister? What becomes of them? How  
can their feet be guided again into  
the straight and narrow way? It is  
a problem centuries old but a prob-  
lem that is ever new. "Little Lost  
Sister," filmed as a Selig Reel Seal  
Play from Virginia Brooks' world-  
famous book and play, conveys a moral  
lesson and presents a solution to a  
vital problem. Every mother should  
insist that her daughters see "Little  
Lost Sister." The drama abounds in  
thrilling climaxes, heart-touching epi-  
sodes, and there is a strong love story  
interwoven in the warp and woof of  
the plot. See Bessie Eytan, Vivian  
Reed and George Fawcett in "Little  
Lost Sister" at Pastime today.

**DISTRICT MEETING TONIGHT**

The district meeting of the Knights  
of Pythias will be held in German-  
town tonight and a large number of  
Maysville members are planning to at-  
tend the meeting. Four auto loads  
will go from this city, returning af-  
ter the meeting tonight. This dis-  
trict is composed of 16 lodges, repre-  
sentatives going from all of them to  
the meeting. A number of the officers  
of the State Lodge will be present at  
the meeting to address the Knights.  
Several local men will also speak.

## CHRISTIANITY GROWING

The Kansas City Star explodes the claim of some that Christianity is on the wane. The teachings of the Master, who spoke as never mortal spoke, are growing and widening instead.

"We have been hearing it from all sides that this is an irreligious age," says the Star; "that the church is dying of dry rot; that its membership is falling off; that scarcely anyone reads the Bible any more; that the whole scheme of Christianity is too old-fashioned and slow for those wireless-telephony, undersea craft up-in-the-air days."

Employing the language of Billy Sunday, the Star says "there is nothing to it." The Star finds the facts to be that there are more people reading the Bible today—that is, a greater percentage at a far greater ratio than the increase of population; and if people buy it they must surely read it. Churches are increasing, church membership is growing and new preachers are coming into the work faster than the old ones are dying.

These facts the Star obtains from a variety of sources. First of all, the American Bible Society, in its report, shows that in the last three years the increase in Bible distribution in this country has amounted to 1,000,000 a year. Last year more than 6,000,000 Bibles or parts of Bibles, such as New Testaments or single Gospels, were sold in this country.

Dr. H. K. Carrell, religious statistician of the United States census bureau, has just issued a year book which shows that in the last twenty-six years the gain of the Christian churches in this country in membership has been ninety-four per cent., as against sixty-one per cent. gain in population. There are now 40,000,000 communicants of Christian churches, Protestant and Catholic, in a population of 100,000,000. Last year 747,000 communicants were added. This was 204,000 greater than the gain in 1915. The number of ministers increased 2,643 last year, which is a gain of nearly double that of 1915. In the last ten years the net increase in Sunday school pupils was 6,300,000, with a gain of 16,000 Sunday schools. Last year Sunday school membership increased by 600,000.

Atop of this report comes the year book of the Federal Council of Churches of Christ in America, the great Protestant federation of this country, with thirty constituent bodies, which reports to total of 17,996,000 communicants, a gain in 1916 of 254,000.

The Church News Association of New York in its annual report shows that the American people in 1916 gave \$415,000,000 to church work.

Christianity seems in no danger of dying out yet awhile, the Star says. It may be a little old-fashioned, it is true, but—so are the stars.

## WOMEN OF MIDDLE AGE

### Mrs. Quinn's Experience Ought to Help You Over the Critical Period.

Lowell, Mass.—"For the last three years I have been troubled with the change of life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headache or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."

—Mrs. MARGARET QUINN, Rear 269 Worthen St., Lowell, Mass.

Other warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness.

If you need special advice, write to the Lydia E. Pinkham Medicine Co. (Incorporated), Lynn, Mass.

## TWO STRANGE MEN IN PARIS BELIEVED BY POLICE TO BE THE GERMAN SAULERS. CAPED FROM PHILA. DELPHIA

Paris, Ky., March 23.—Acting upon the theory that two mysteriously acting Germans whom he found on the street here Tuesday night were Captain Chorth and Herman Schroder, machinist mate, reported to have drowned while attempting to escape from interned German raiders at the Philadelphia Navy Yard, Chief of Police Link locked them up for the night only to give them their freedom Wednesday through fear that he was leaving himself open to suit for false arrest.

The men have not been seen since and the supposition is they left Paris the moment they were liberated.

Chief Link said his suspicions were aroused when he saw that the men were wearing regulation United States army shoes. When he accosted them they pretended to be unable to speak English, he said, and he could learn nothing whatsoever from them. He later called an interpreter, but he, too, was unable to get the men to talk.

After having remained in jail over night, one of the men condescended to tell the chief, in broken English, Wednesday morning that he and his companions were Poles, and that they had been working in a coal mine in Pennsylvania. They explained their presence in Paris by saying that they lost their jobs in Pennsylvania and were en route to Cincinnati.

## CENTENARIAN CELEBRATES

## HUMP! AND HUMP AGAIN!

In a mention of the "Bungalow Dance" to be given tonight in K. of P. hall, yesterday's Record stated that the costume requirements would be bungalow aprons for the ladies, which is correct, and the gentlemen should appear in overalls, which is an error. Gentlemen will wear blue shirts and leave the overalls at home.—Roodhouse (H.) Record.

# Synopsis Betty to the Rescue

## Tuesday, March 27th

WASHINGTON OPERA HOUSE

A Great Picture.

again refused. Betty dreams she sees gold pouring from her mine and runs away. Going to the mine she finds Big Jim, and together they search for gold. The boys "sift" the mine and Betty is delighted at her supposed find of gold. She learns of the joke and decides to try her luck at gambling. She stakes her nuggets in a roulette game and loses. Fleming finds her here and takes her in his arms, announcing she is to become his wife just as Kenwood enters. As Jim and the proprietor of the gambling house are looking over the nuggets Jim notices a strange one—ask Betty where she found it. She leads him to the mine and he discovers a rich vein—worth a million. Fleming's conspiracy is discovered and he is invited to leave. John takes Betty in his arms and tells her he has always loved her, and is informed of the discovery of the gold. Her sudden wealth seems in his mind, to create a great gulf between them, but she wriggles back into his embrace—tells him she loves him, asks him to be her husband, and with a roguish smile says if he does not marry her she will go to the dogs. In a moment she seems to change from a child to a woman—he takes her closer in his arms and their happiness is made complete.

## HIGH SCHOOL GIRL

Run-down, Weak and Nervous—Made Strong by Vinol.

For the benefit of Maysville school girls who overwork and get into highly nervous, weak and run-down condition, we publish this letter from Dorris Coppler, of Firth Worth, Tex.—"I go to the high school and take music lessons, and become run-down, weak and very nervous, so I could not do anything. I would shake all over and could have screamed at times, and was really unfit to keep on with my studies. Mother purchased a bottle of Vinol for me and within a week I was better, and in two weeks I had gained five pounds and felt fine."

It is the curative, strengthening elements of beef and cod liver peptones, aided by the blood-making, revitalizing effect of iron and manganese peptones, and glycerophosphates, contained in Vinol, which made it so successful in building up health and strength and overcoming the nervous condition of Miss Coppler, and we ask every school girl in Maysville who is in a like condition to try Vinol, on our guarantee to return their money if it fails to benefit. ## NAVAL GOVERNMENT FOR DANISH WEST INDIES

Washington, March 23—Naval government for the Danish West Indies has been determined upon by the administration, and it was said today there would be a formal announcement shortly of arrangements for the ceremonials attending the raising of the American flag. Assistant Secretary Phillips, of the State Department, is working out the details in order that all the terms of the treaty, by which the islands were acquired, may be complied with.

The treaty of acquisition provides that the final transfer of the islands shall take place not later than April 17, and that any time before that on the payment of the \$25,000,000 purchase money the United States may take actual physical possession. The imminence of war with Germany has made officials eager to expedite American control as much as possible. The purchase price has been appropriated by Congress and will be paid whenever the State Department is ready.

## T. R. OFF ON SHORT VACATION; TO RETURN FOR EXTRA SESSION

New York March 23—Colonel Theodore Roosevelt left here today for a short vacation in Florida. He declined to say what part of the state he would visit.

"I am going down with Russell J. Coles, of Danville, Va., to Florida, to see him hunt devilfish and sharks," said Colonel Roosevelt. "Originally, I

had intended to spend a month there and have him teach me how to hunt them, but now I shall only be a looker-on as I plan to get back April 2 or 3, when Congress will have convened. "I am going away because at the moment there is nothing here I can do. All of the arrangements, which, without government action, I can make as regards my division and its organization work are progressing as far and as rapidly as possible."

## ABSENTEES TO LOSE SEATS IN FUTURE

Princeton, Ky., March 23—The City Council has passed a drastic ordinance, intended to prevent blocking the business of the Council on account of the absence of a quorum. The ordinance provides that any Councilman shall automatically forfeit his office in case he fails to attend three consecutive sessions without leave of absence or a reasonable excuse. The ordinance also provides that any Councilman who shall forfeit his office shall be ineligible to hold the office of Councilman or Mayor for four years.

The City Council is composed of three Democrats and three Republicans and recently considerable difficulty has been experienced in obtaining the presence of a quorum. Five successive meetings were held with no quorum present. The Democrats several times met with Mayor R. W. Lisansky and assessed fines against the Republican members who were absent. Finally, notices were served on the Republicans that a meeting of the Council would be held for the purpose of giving them an opportunity to show cause why their offices should not be declared vacant. This meeting was attended by all members and the drastic ordinance was passed.

Mayor Lisansky cast the deciding vote in the passage of the ordinance, the Democratic members favoring its passage while the Republicans opposed it.

## CLARK IS CONFIDENT OF RE-ELECTION AS SPEAKER

Washington, March 23—Speaker Clark, who returned today from New Orleans, predicted his re-election by a majority of from one to five within one hour and forty minutes after the opening of the extra session of Congress at noon on April 2.

"This is what will happen," said the Speaker. "House meets at noon. Chaplin's prayer, ten minutes. Call of the roll of the members, forty minutes. Nominations for Speaker, ten minutes. Roll call on nominations, forty minutes. My election as Speaker therefore, by a majority of from one to five within one hour and forty minutes."

Speaker Clark said nobody could tell just what Congress would be called upon to do in the present emergency except the President himself.

"The President has ten fellows to advise him," he said. "He has all the means that human ingenuity can devise to inform him of the situation. The situation may change. In a week the whole thing may change. There might be some more revolutions over there. We can't tell anything about it yet."

He said he was ready to go to the White House to confer with President Wilson if the President called him.

## 13,514 MEN NEEDED BY NAVY FOR FULL STRENGTH

Washington, March 22—The navy is short 13,514 men of its present authorized enlisted strength of 74,500 and efforts to speed up recruiting are being redoubled. The present month has seen the largest recruitment on record with a net increase of 1,049. Since Congress authorized the 74,500 total in September, 5,454 men have been added to the navy's personnel. It was stated at the department today that the authorized strength is sufficient to put all ships immediately available in commission and no effort will be spared in bringing the force to that figure.

To induce recruiting Congress provided that 100 enlisted men a year should be selected by examination for appointment to the Naval Academy. Naval officials say that a very high type of officer material is being secured in this fashion. The way to commissions in the marine corps and to responsible and well-paid positions as warrant or petty officers is also being opened as fully as possible to boys who enlist.

To induce recruiting Congress provided that 100 enlisted men a year should be selected by examination for appointment to Annapolis, and every possible opportunity for study and instruction to enable him to pass the examination is furnished aboard the ships or at the training stations.

## WOULD CONNECT CHICAGO WITH NEW YORK

The Type Used in One Year to Publish Endorsements of Doan's Kidney Pills.

Of the many kidney remedies on the market today, none other is recommended like Doan's Kidney Pills. Forty thousand benefited people gladly testify in the newspapers of their own towns. Forty-five hundred American newspapers publish this home proof of Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 40,000 tongues sound glad tidings to any Maysville sufferer who wants relief from kidney and bladder ills. Here's a Maysville case. Don't experiment. Use the remedy endorsed by people you know.

John J. Bramel, bookkeeper, Walnut street, Maysville, says: "Doan's Kidney Pills have been of great benefit to me and in fact, I attribute fourteen years of my life to them. It was in 1902 that I was suffering a great deal. After long use of Doan's Kidney Pills, I became well and had no bad effects for many years. Recently however, I noticed my kidneys were not acting right and my system was generally weak. I knew it was a return of the trouble and I didn't lose any time in getting a box of Doan's Kidney Pills from Chamberlain's Drug Store. They again gave me the same good results and I consider them a wonderful medicine."

Mr. Bramel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Bramel had—the remedy backed by home testimony. 50c all store. ## BOY HAS NARROW ESCAPE FROM DEATH WHEN HE IS ACCIDENTALLY STABBED

Cynthiana, Ky., March 23—Hascal Goldberg, twelve-year-old son of M. Goldberg, of this city, had a narrow escape from death when he was accidentally stabbed near the heart by James Cromwell. It was an accident. Some boys were sunning in Mrs. Blanche's confectionery to force Cromwell into the store. He had an open knife in his hand, and in jerking away from his captors stabbed young Goldberg, who was behind him and whom Jim probably did not see. The blade struck a rib in the boy's left side and missed the heart less than an inch. Hascal leaned against a counter for a moment, and then fell to the floor face downward, in a faint. Spectators rushed to his assistance and for a moment thought him dead. He quickly revived and was taken to a doctor's office, where his injury was dressed.

So general is the neglect of dentistry in Germany that a nation-wide committee has been formed to supervise the care of the teeth of school children.

The United States now has the greatest number of electric steel furnaces of any nation, 73, compared with Germany's 53.

CALLED BY U. S.President Orders Sea Forces Recruit-  
ed to War Strength—Two New  
Military Departments are Di-  
rected to Be Created in  
Atlantic Coast Again.Washington, March 25—President  
Wilson took steps today to place the  
nation on a war footing.By executive orders he directed that  
the navy be recruited without delay  
to full authorized war strength of 87-  
000 enlisted men. Taken in connec-  
tion with emergency naval construc-  
tion already ordered, this means that  
the President has exercised the full  
limit of his legal powers as comman-  
der-in-chief to prepare the navy for  
war.For the army, the President directs  
that two new military departments be  
created in the Atlantic coast region.  
The order means that the task of or-  
ganizing whatever army Congress  
may authorize will be divided among  
six departmental commanders instead  
of four in the interest of speed and  
efficiency in mobilizing.The third step was to assume as a  
national duty the task of protecting  
American industries from domestic  
disorders in the event of hostilities.  
For this purpose eleven full infantry  
regiment, two separate battalions and  
one separate company of national  
guard were called back into the fed-  
eral service to act as national police  
in important districts. Supplementing  
these troops, a regiment of Pennsyl-  
vania guard and two companies of  
Georgia infantry en route home from  
the border for muster out were or-  
dered retained in the federal service. The  
President's orders were made known  
in terse official statements issued by  
both departments. No explanation ne-  
cessitated them except the statement  
that reorganization of the military de-  
partments, effective May 1, was de-  
signed to facilitate the centralization  
of command.The two new departments are the  
northeastern, comprising the New  
England states, and the southeastern  
comprising the states in the old south.HEALTH CAMPAIGN COMING  
ALONG NICELYThe campaign of the Mason County  
Health League toward securing money  
for a sanitary survey of the county is  
progressing nicely and a larger part  
of the sum needed has already been  
raised. The paper campaign of last  
week was very successful, a large  
amount of paper being collected by  
those in charge. This will be sold and  
a neat sum will be raised from the  
sale. The various schools of the coun-  
ty are helping to raise the money, the  
Dover School collecting old paper  
and rubber to sell for the fund. The  
Minerva School made a large contribu-  
tion of paper and also a money con-  
tribution. The campaign will last  
only a few days longer.The Sewing Society of the Central
